President's Ankle  
Forbids.

Lameness Improves—Vacation  
Programme Not  
Disarranged.

Pickpockets Flourish on the  
Crowds That Go to See  
Mr. Taft.

He Has Chowder Dinner at  
Senator Hale's Branch  
Pond Camp.

(ASSOCIATED PRESS NIGHT REPORT.)

BAR HARBOR (Me.) July 24.—President Taft is once more on the water. He left Ellsworth this afternoon after his visit to Senator Hale and went by special train to Mount Ferry, where he boarded the Mayflower, which headed for Bar Harbor and the sea. The course from here lies southward and a slow run will take the President to Islesboro, where he is due to land at 10 o'clock tomorrow morning.

Mr. Taft's strained ankle, after a night of compresses, was improved today and his limp seemed less painful than yesterday. All danger of serious consequences from the injury appear to have passed. While the President may have to give up golf for a few days, the plans for the remainder of the cruise, which ends next Thursday afternoon at Beverly, will not otherwise be interfered with.

At Ellsworth, Me. President and his entire party attended services at the Congregational Church.

Just before leaving Ellsworth the President was driven to Mr. Hale's camp at Branch Pond for a bowl of old fashioned New England clam chowder.

The sail from Bar Harbor to Rockland and Islesboro covers one of the most picturesque stretches of the Maine coast. The water nearby all day.

CROWDS FLEECED.

Chief of Police Drummey of Ellsworth was busy late last night and today recording complaints from the township of losses of pocketbooks, watches and other articles of jewelry. It seems that a band of pickpockets

(Continued on Second Page.)

Lina Cavalieri.

Popular concert singer who must submit to operation in Paris to save her life.

OPERATION FOR SINGER.

Paris Surgeons Will Remove Appendix of Mme. Lina Cavalieri, Who Married Robert Chancel.

PARIS, July 24.—[Exclusive Dispatch.] Mrs. Robert Winthrop Chancel, who remains Mme. Lina Cavalieri on the operatic stage, will undergo a surgical operation for appendicitis tomorrow.

The most famous surgeons in Paris held a consultation yesterday and decided that the operation must be performed immediately. They told Mr. Chancel that unless his wife should submit to the operation at once she might not live a month. At the same time they assured Mr. Chancel that, as far as their skill can force the operation will be successful and no complications will follow it.

Mrs. Chancel has suffered from chronic appendicitis for some time. A severe attack, such as the present one, caused her to abandon her operatic engagements in Boston Avenue last May, in St. Petersburg, and to remain in her home on the Avenue de Nesles here.

HEAVY RAINS STAY FIRES.

WINNIPEG (Man.) July 24.—Heavy rains have brought all forest fires in the Blouin district under control of the fire rangers. Three million dollars is the estimated estimate of the loss in that district.

OCEAN TRAGEDY.

JAPANESE SHIP SINKS;  
WARSHIPS TO RESCUE.

Tetsuri Maru Goes Down Off Korean Coast With Many Passengers on Board—Forty Saved by Lifeboats. Others Missing.

(ASSOCIATED PRESS NIGHT REPORT.)

TOKIO, July 24.—The Tetsuri Maru, plying between Kobe and Dairen, sank last night off Chindo, Korea. The steamer had 146 passengers aboard, of whom forty were saved. The others are missing. Warships have been sent to the rescue. Warships have been sent to the rescue.

Direct reports from Chindo state that two of the Tetsuri's lifeboats landed forty passengers, who tell of harrowing scenes when the beforesaid vessel struck. Six lifeboats were launched and filled with passengers. There was no panic and everything was carried off in the most orderly manner.

The captain and a majority of the crew were unable to leave the steamer. Six first-class passengers were saved, including W. Cunningham, the British Vice-Consul at Osaka, as well as thirteen second-class passengers.

One hundred five third-class passengers and fifty-nine soldiers were taken off in boats. There is reason to believe that those boats either reached land or were picked up by the warships.

The Tetsuri Maru was of 2100 tons register. She was built at Nagasaki, and was owned by the Osaka Shosen Kaishaiki Kaisha.

MOMUS FIRE IS OUT.

LONG BEACH PASSENGERS.

(ASSOCIATED PRESS NIGHT REPORT.)

SAVANNAH (Ga.) July 24.—A brief message caught by the United Wireless station here tonight indicates that the fire on the steamer Momus, bound for New Orleans, was more stubborn than at first supposed, and that it was finally extinguished shortly after noon today, after burning during most of yesterday and all of last night. Evidently her machinery is not damaged, as the message reads: "Fire extinguished at 12:15 o'clock this afternoon. Full speed for New Orleans." Among the passengers on the Momus are Mr. and Mrs. B. Russell Long Beach, Cal.

MOMUS MAKES GOOD TIME.

(ASSOCIATED PRESS NIGHT REPORT.)

TAMPA (Fla.) July 24.—At 8 o'clock tonight the local wireless station picked up the steamer Momus, saying all was well and good time was being made toward New Orleans.

ANOTHER.

COPPER KINGS PLAN  
TRUST, IS REPORTED.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, July 24.—[Exclusive Dispatch.] Cable advices from London announced today that a copper trust was in process of formation there by the purchase by the Amalgamated Copper Company of control of the Utah Copper Company. It was believed that this was the first step in the evolution of another enormous trust.

Nearly all the persons identified with that industry were out of town today when Charles L. Dignowity, an independent copper mine owner of Utah, was at the Waldorf. When the matter was brought to his attention he declared that it was in no way a surprise to him, as the action of those controlling

STRIKERS SET SWITCH  
TO WRECK PASSENGER.

Alert Eyes of Engineer Responsible for Averting Terrible Catastrophe.

Rioters at South Bend Stone Train Crews and Detectives, Put Fast Freight Out of Business, Burn Cars and Stall Passenger Trains—Police Sympathize With Unionists—Governor Denies Call for State Troops.

(BY DIRECT WIRE TO THE TIMES.)

SOUTH BEND (Ind.) July 24.—[Exclusive Dispatch.] As a climax to a night and a day of rioting in the yards of the Grand Trunk Railway, in which a freight train of fifty cars was set into ten sections, strikers set a switch to wreck a passenger train. Alert eyes of the engineer, however, averted a terrible catastrophe. The rioters, who were armed with clubs and stones, set the freight train on fire and stalled passenger trains. Police sympathize with the unionists. Governor Denies Call for State Troops.

The engineer, by chance, saw the thrown switch in time to bring his train to a stop and prevent a terrible catastrophe. When he left the engine to investigate he was stoned by the mob, in which were many foreigners, but the timely appearance of the police prevented him from being seriously hurt.

Shortly after the attempt to derail the train was made, J. Fred, a car repairer in the employ of the railroad, was shot and seriously wounded by John Peck, a Pinkerton detective, who, with two companions, Eldridge, Graham and William McGonigle, all of Battle Creek, Mich., were arrested by the police.

During the afternoon a mob, which congregated at Oliver's, the first station of the Grand Trunk within the limits of South Bend, burned several cabooses but efforts to fire freight cars were made fruitless by the arrival of detectives and the fire department.

TRAIN IS ATTACKED.

The rioting began last night at 10:30 o'clock, when a freight train of fifty cars entered the city under full speed. The rioters, who were armed with clubs and stones, set the freight train on fire and stalled passenger trains. Police sympathize with the unionists. Governor Denies Call for State Troops.

At the time the Pinkerton detectives who showed themselves were stoned. Realizing that the situation was desperate, Local Agent C. A. "Nutt sent in a request for the aid of the police. The latter, however, declined to order out the militia until he was assured a police were not able to cope with the situation.

The standing of the freight train tied up east and west traffic until daylight. Five passenger trains being held in the local yards until 5 o'clock this morning. Up to that hour, the local police were unable to secure compliance from the company. Because of this fact the police, who favor the strikers, expressed themselves as believing that the stalling of the freight train might have been a strategic move on the part of the Grand Trunk to make it appear that they could not secure protection from the local authorities and that it was necessary to call upon the State for troops.

All passenger trains in and from South Bend were cancelled tonight, the burning of freight cars and the stalling of another freight train in the west yards causing the company to close all operations in this vicinity. GOVERNOR DECLINES HELP.

(ASSOCIATED PRESS NIGHT REPORT.)

INDIANAPOLIS, July 24.—Governor Marshall tonight declined to send troops to South Bend upon a request by message from the superintendent of the Grand Trunk Railway. The Governor, however, ordered the railway official to apply to the Sheriff of the county for assistance, saying that in the event of that official failing to do his duty action would be taken by the Governor. Later a message came from the Sheriff which he told the Governor that trains were moving and that he could handle the situation.

STRIKERS DERAIL TRAIN IN CANADA.

(ASSOCIATED PRESS NIGHT REPORT.)

TORONTO (Ont.) July 24.—The claims of the Grand Trunk Railroad that matters are assuming better shape, were borne out today by the arrival and departure of four freight trains from Toronto. Crews have been secured to run all passenger, mixed and fast freight trains, and eight of the latter will start tomorrow for London, Toronto, Stratford and Niagara Falls.

A passenger train entering Brockville last night was derailed, the company claims, by strikers. No one was injured.

The attempts of MacKenzie King, Minister of Labor, to effect a settlement of the Grand Trunk strike have fallen through, at least for the present, the Grand Trunk management taking the view that the time for arbitration has passed and all that the company requires in order to resume the full operation of the road is the protection for its men in which it is legally entitled. The minister conveying this information to Mr. King, who sent tonight and read:

THE MESSAGE.

Your message of twenty-three received. While we are not sure, from the

our offer repeatedly urged upon the committee, we were desirous of arbitration and so avoiding the existing trouble, time for such action has now passed, and it is only necessary that we should have the protection to which we are entitled to enable us to resume the full operation of the road—Charles M. Hayes.

Coupled with this announcement of the company that the time has passed for arbitration comes the statement that on Monday the shops of the entire system will be reopened, that instructions will be issued to agents once more to take freight and that way freight service increased. In addition to this it is announced by the officials that some of the former employees who went out on Monday last are reporting for work.

MURDOCK'S ANSWER.

The answer of Vice-President Murdock to this is:

"We are perfectly satisfied with the way things are going, and if it is to be a fight to a finish, I do not know that I could suggest an improvement under existing conditions from our point of view. As matters stand, the traveling public is being fairly well taken care of, while freight is tied up. The report of A. Kennedy of the Engineers' Brotherhood, to us is that only ten per cent. of the Grand Trunk engines are on their regular runs, the remaining 90 per cent. being idle."

Despite Mr. Murdock's assurance, meetings are beginning to develop among the men who see the positions they once held threatened by the progress the company is making. This was shown at the meeting of the men at day and the suggestion was plainly made to the leaders that action was necessary in order to hold the strikers together.

ONE IS KILLED IN FIGHT WITH STRIKERS.

(ASSOCIATED PRESS NIGHT REPORT.)

CHARLOTTE (N.C.) July 24.—During a riot at Charlotte tonight between strike-breakers and striking section hands on the Delaware and Hudson Railroad, one was shot. The riot at work were attacked by the strikers, and fully 200 shots were exchanged, one of them striking James Clemons, probably fatally injuring him. Three State police are under arrest.

SHAKE-UP.

EIGHTEEN HURT IN COLLISION.

WORK TRAIN AND ELECTRIC COME TOGETHER.

Oregon Railroad Catastrophe Results in Serious Injuries to Four Passengers. All of Whom Are Expected to Recover—Cars Are Wedged Together by Impact.

(ASSOCIATED PRESS NIGHT REPORT.)

PORTLAND, July 24.—A head-on collision between a work train and an east-bound electric train at Boring, a station twenty-five miles east of here on the Casadereo division of the Portland Railway, Light and Power Company Railroad, resulted in the injury of eighteen persons, four seriously. The accident occurred late yesterday but the remoteness of the place enabled the suppression of the news until late today, when some of the injured arrived in this city. The seriously hurt are: Mrs. A. E. Alsbaugh, Alsbaugh, Or., bruised and cut. A. Geopate, Casadereo, body crushed. Nicholas Young, motor driver on passenger car, cut and bruised about head. All of the injured are expected to recover.

According to passengers on the Casadereo car, the work train was observed about 100 yards ahead, coming up a slight grade. The driver of the passenger car is said to have stopped his car and whistled but without effect on the work train, which continued its approach with it, it is asserted, undiminished speed.

The passengers, taking it for granted that the work train intended to halt as had their own car, kept their seats until the work train was almost upon them.

The impact was terrific, the two cars being wedged together as if welded into one.

Pauline Chase.

The London "Pink Palace Girl," who will soon appear in America in famous costume.

PAJAMA GIRL AGAIN.

Pauline Chase Will Reappear on the American Stage as "Dorothy" in "The Liberty Belle."

NEW YORK, July 24.—[Exclusive Dispatch.] When Pauline Chase returns from England tomorrow on the Kaiser Wilhelm II, it will be as the "Pink Pajama Girl," the role in which she made her name in a single night in "The Liberty Belle," six years ago.

Miss Chase has been a humble member of the chorus until now, when she appeared clad in pink silk pajamas. Her entrance took New York by storm and she became known from one end of the country to the other as the "Pink Pajama Girl." Even in Europe imitators sprung up and her pajama act was introduced in all the reviews.

Miss Chase, upon learning that she was to reappear in America, asked Charles Frohman to give her an opportunity to come back to the American stage as she felt it—a girl in pink pajamas. It was such a charming bit of sentiment that Mr. Frohman assented. He has had the leading role of "Dorothy" in "The Liberty Belle" and the little actress who will fill it may have a whole scene for her original part.

CHILD SHOTS SELF; DIES.

LEWISTON (Idaho) July 24.—[Exclusive Dispatch.] Charles, the eight-year-old son of George Davis, residing at Big Island, on the north fork of the Clearwater River, near Oro Fino, Idaho, was accidentally shot while hunting with a ten-year-old brother Wednesday and died the following day.

The little fellow, carrying a .22-caliber rifle, had been alone for a few minutes and on his brother's return was found near a tree with a bullet wound in his head.

PENNSYLVANIA DROWNING.

PITTSBURGH, July 24.—Seven people met death by drowning in different parts of Western Pennsylvania today. Two deaths were charged also to be due partly to the heat, and one suicide. The Weather Bureau promises early relief from the almost unbearable weather.

ON GUARD.

HONDURAS UPRISING NIPPED IN THE BU

(ASSOCIATED PRESS NIGHT REPORT.)

PUERTO BARRIOS (Guatemala) July 24.—[Exclusive Dispatch.] A schooner from Puerto Cortes brings news of an abortive uprising at San Pedro Sula Friday. Friends of Manuel Bonilla, bearing of the traces at Ceiba, thought the time ripe for a general uprising, but the government was prepared and nipped the movement in the bud. Several arrests have been made and everything is quiet at Puerto Cortes.

San Pedro is the most important town on the northern side of Honduras, and is sixty miles from Puerto Cortes, on the line of the Honduras railroad.

MAY BUY "HORNET" UNDER CONDITIONS.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, July 24.—If the conventional "Hornet," which the government has just sold to Isaac S. Stein of New Orleans, the highest bidder at the condemnation sale, is going to Nicaragua to serve as the nearest approach to a navy that the Estrada faction can secure, the Washington authorities have not received any official word of that fact. There is nothing

Steamship Company Announced

NEW ORLEANS (La.) July 24.—[Exclusive Dispatch.] The Bluefields Steamship Company, which was recently organized by the Bluefields Steamship Company, is expected to start on its regular run tomorrow morning. Col. Elmer B. Smith was recently appointed postmaster at Bluefields, a town of 10,000 people, on the Bluefields River in Nicaragua. The Bluefields Steamship Company is expected to start on its regular run tomorrow morning.

Only Monday, Tuesday and Wednesday left for work on the wayside prizes—handsome books—for those below fifteenth place in the list!

All the boys and girls now below the 15 mark realize this; and many said Saturday night that they intended to get out bright and early Monday morning and begin the week right by catching the early new subscribers, and old ones, too. They all count in the day's work, some more than others, of course, but all help.

**SPEAK UP!**  
We have heard of several citizens who have said that they were willing, even anxious, to help some one of the young people, but they had not been asked. Of course it is very easy to be asked by a fine young boy or girl to assist in the fulfillment of their ambitions, and delightful to comply; but no citizen should be bashful about offering to assist without an invitation. Not one of the contestants ever, on the contrary, when some one asks for one of them, either through the scholarship headquarters, by letter or telephone, or comes in person and says that he or she would like to meet such a girl or boy or woman of whom they have read, there is great rejoicing, much greater than when the help is granted after a request. Still, it makes the kindness seem doubly kind when it comes in such a gracious, voluntary way.

So, if you are harboring a subscription, waiting for an invitation to give it, to some truly deserving young person, out with the fact! Notify the scholarship managers. You will receive immediate relief. Inside of half an hour a bright young boy or girl will be at your door, and you will feel yourself a part of the progressive, palpitating, helpful world which is striving to accomplish things.

There is, as most of us know, no better way of starting in to accomplish most things that are worth doing than by getting an education. Many a self-made man, who boasts of his single-handed achievements, would give his head-off at least a part of its covering—today, to have a good all-around education. He knows, in his much better judgment, that he has been good solid learning at the beginning; and he knows that he has missed, at every turn, the education which he should have had to start with. Whatever his achievements, he believes and there is no way of proving the contrary, that he would have been able to do much more had he received early advantages.

That is why so many are eager to help young people when they see them trying to secure a good education.

The never was, as The Times believes, a more earnest, eager, deserving lot of young people than are the ones engaged in this contest.

They are doing the kind of work that develops character, too. No wavering or indecision, no grumbling nor murmuring; just cheerful, persistent, day after day, it is the kind of effort which makes for success in every walk of life.

**ATHLETIC PRIZES.**

The wayside prizes for all for the

period ending August 4, a tennis racket for the girl, and a fine split bamboo rod, reel, and line, for the boy, scoring the greatest number of points during that time, are causing much pleasant rivalry. These prizes are on exhibition at scholarship headquarters and are fondly scrutinized by all as they come and go.

**FOR THE "HIGH FIVE."**  
There is to be excitement all the time from now on in this contest. Here is a new offer, a new sort of offer.

It covers two days only, today and tomorrow.  
A two-pound box of the best candy and the one of the "High Five" (the five highest in the score making the most notable advance in position in the two days—Monday and Tuesday.) Just a little special "High Five" race, for the fun of it, to be decided Tuesday night. For the most notable advance in position.  
This prize in addition to the regular competition and the scholarship offer. All these special prizes are additions to the regular commissions and scholarships. So the successful strikers get a double reward. Every

Many of the contestants have had promises made to them, which will come due for fulfillment this week and a great week is expected.

**SYMPATHY FOR HOWARD.**

Mary Pearl Potter, of Monrovia, waiting for a new annual subscription, which she personally paid for, to be credited to Howard Collins. Miss Potter feels much sympathy for the young boy in his bereavement, and the kind thought which prompted her act was that he would for a number of days, be incapacitated for work, so she helped him in a practical way.

**FOR PHIL.**

**PLEDGES FOR STATE COUNCIL.**

**COLORADO VOTERS AT BANQUET.**

**INDORE STANTON.**

**Delegation to Convention of Afro-American Council Relates to His Standard-Ringing Speeches Are Made, Assuring Support of Organization Which Meets Tomorrow.**

The candidacy of Phil Stanton for Governor was endorsed at a banquet given by the colored voters at the Waldorf Hotel, Fourth street and Central avenue, last night. It was an enthusiastic affair, and the speeches brimmed over with pledges of support to Stanton, whose campaign over the State has been a remarkable one.

The Los Angeles delegation to the annual convention of the Afro-American Council of the State of California, numbering sixty-six, participated in the speeches and left with the firm determination to obtain the endorsement

without seeing A. Andrews' Diamond ring, which is the most beautiful jewelry in the world. Visitors are cordially welcomed to the 120, 20 Kearny street.

of Stanton by the entire State Council. The convention meets in Pasadena tomorrow, Wednesday and Thursday.

Rousing speeches were made by E. J. Lacey, J. C. Hodge, W. M. Shelton, E. W. Willis, W. C. Calvin and Dr. J. C. Summerville, rallying the negro voters of the southland to the Stanton standard.

One of the principal features of the programme of the convention will be a vote by the 450 delegates from all over the State, to determine the choice of the Council for Governor. By their oath of obligation, each Afro-American is pledged to support that choice, irrespective of his personal convictions. It will carry with it something like 50,000 votes, for the indorsement of the Council means the indorsement of practically every colored voter in the State. Whatever their choice, an immediate and unanimous ratification of the action of the majority will follow.

That Stanton will be that choice is practically assured. Two hundred and seventy delegates from the "Solid South" will be present, as opposed to 180 from the northern counties, who are pledged to Curry and Anderson. The latter have been very active of late among the Stanton sympathizers, and a good deal of money has been spent in joy-rides and general treats, in the effort to swing the delegates to the opposite side of the fence.

The Los Angeles representatives under the leadership of Chairman George S. Brown, constitute the largest single delegation to be sent, and by virtue of its influence in the Council, is practically sure of carrying the action of the Council with it. That they will use every legitimate means to bring about the indorsement of Stanton is the emphatic statement of Chairman Brown last night.

Two Companions of Kentucky Little Girl Narrowly Escape Terror

(BY DIRECT WIRE TO THE TIMES.)

DAWSON SPRINGS, Ky., July 24.—(Exclusive Dispatch.) A cloudburst struck this place at noon today, accompanied by a brilliant electrical storm.

Great damage was done to growing crops, all streams in the vicinity were swollen to three times their usual size and the bridge at Charles was washed away, resulting in the loss of one life and the narrow escape of two other persons.

Golden Hale, 11 years old, lost her life in the flood. She was driving a buggy with two other children and attempted to cross a tottering bridge, which close to the middle of the span the structure gave way and crashed into the river below. Her body was recovered an hour later.

Incumbent upon all according to their means. An important phase of the work to which the bishop called attention was the value of personal visits to the homes of the poor, not for the doing out of alms but to extend a helping hand whenever needed. The bishop closed his address by calling attention to the work of St. Ann's Maternity Hospital, and invited all to attend the reception and exhibition of tables to be held at this institution tomorrow. Brother Paul McCormick supplemented the remarks of the bishop by paying a high tribute to the work of the Pasadena branch of the society. A committee consisting of Brothers J. O. Sullivan, J. W. Bullas and F. T. Murphy were appointed to prepare resolutions upon the death of Rev. Joseph Barron.

R. F. McLaughlin in behalf of St. Thomas's conference invited the society to hold the next quarterly meeting at St. Thomas's Church, Los Angeles, which invitation was accepted. Rev. Cassian Fritz, O.F.M., pastor of St. Joseph's Church, said that the life of a parish was shown by its works, and that no greater proof of activity was needed than the records of the conference of St. Vincent De Paul and of the lay apostolate of the church, whose members are associated with no other reward than the thought of doing good to their less fortunate brethren. Joseph Meemer urged greater efficiency and organization in the systematic methods for the extension of the work.

According to the reports submitted by the nine conferences of the churches mentioned, and that of St. Mary's of Bakersfield, there were 118 persons actively engaged in charitable work, 104 persons in the past three months; 1067 needy persons were assisted, 56 situations were obtained, 425 personal visits made and 175 persons aided in their distress. The total expenditures for these purposes was \$1653. The total receipts from donations, contributions by members and the poor boxes was \$1453 for the same period.

## TRAVEL.

### THE BEACHES ATTRACT THEM.

MANY THOUSANDS DALLY BY THE SAND SEA WAVES.

Cooler Weather Does Not Affect the Average Man and Woman's Desire to Fish, Swim or Enjoy Strolls on the Sand—Quiet Resorts Popular for Restful People.

Despite the fact that the weather was perceptibly cooler yesterday than it has been for several Sundays, travel to the beaches showed no abatement, and the cars both of the Los Angeles Pacific and the Pacific Electric were crowded to their capacity during the greater part of the day.

At the Hill-street station of the Los Angeles Pacific, the crowd began to congregate at an early hour, and until noon every outward-bound car was taxed to the limit. The same rushing business was experienced at the Pacific Electric depot.

Plaza del Rey did about the heaviest business of the season. The boardwalk between Ocean Park and Santa Monica was thronged with pleasure-seekers. At all the beaches the water was ideal for sun bathing, the breezes being high enough to afford good sport, but not rough or dangerous.

"Say, I wish you could see some of the folks that I have had on board this car today. You'd have a fit," said a Los Angeles Pacific conductor last night as he rolled a cigarette in token of the fact that his day's work was over. "I've had some run days, but never one like this."

"The circus started when I took my first car out this morning, and it kept up steadily. Not a trip did I make without some happening that seems funny when you look back on it, but it wasn't funny at the time. Of course, we always catch the bunch that buys tickets on the Pacific Electric and try to pass the return coupons. They seem to think that a ticket is a ticket, and that it's up to us to take it whether it's for our line or not. Oh, we get those fellows every day, but we had lots worse today."

"The first of my troubles came when a fellow tried to pass a \$20 gold piece on me. Now, there are times when big money looks pretty good, but that's when you have your pockets so loaded down with cart wheels that you can hardly walk. But this twenty was shoved on me when I was cleaned of change. I asked the man who passed it out he had nothing smaller, but he only grunted and shook his head."

"Then I started through the car hunting for some one who could slip me a ten and a couple of fives, but I struck the wrong bunch, so I hustled back to the hind platform and began emptying my pockets. After ten minutes' searching I dug up the necessary change, but it was a job lot, and I figured that the passenger was going to be mad. He looked at my handful of coin for a minute, muttered something in a disgusted tone, and dug up a dollar out of another pocket. Say, I felt mighty like cursing for a minute, but he smiled and handed him back his twenty."

"Then I caught a family of picnicers headed for the beach with their lunch in a basket, that looked like a small trunk. The basket could not, by any line of reasoning, be considered hand luggage, but the head of that household was going to get it on the car or know the reason why. I said that we couldn't take it, and the passengers who were crowded on the back platform backed me up, but the man's wife proceeded to load the kids on board. Finally we got started with the woman and kids on the car, and the man and basket in the street. The woman said that she should have me fired the next morning, and in furious anger left the car at the next crossing."

"Just to add to my troubles, some freshly started ringing up fares on an inbound trip tonight, and if he hadn't miscalculated the amount of pull needed to work the motor, he would have put me about \$50 in the hole, before I got hold of him. As it was, he failed to make any impression on the machine."

## DIES SUDDENLY.

SAN DIEGO, July 24.—[Exclusive Dispatch.] Major Lester Burnett, a veteran of the civil war, who made home with W. H. Vedder, a Pasadena while on a street car at Pasadena this afternoon. He was removed from the car and taken to Dr. E. H. Reed's of-

## GOOD WORK.

### CHARITY BINDS EARNEST MEN.

FESTIVAL OF PATRON SAINT IS CELEBRATED.

Third Quarterly Observance Is Largely Attended at St. Andrew's Church and Work Accomplished Among Poor Is Complimented by Bishop Conaty and Others.

The third quarterly festival of the year, the feast of St. Vincent De Paul, universal patron of charity, was observed in a special manner at St. Andrew's Church, Pasadena, yesterday.

Sixty representatives from the Cathedral, St. Joseph's, St. Vincent's, St. Thomas's, Sacred Heart, St. Mary's and St. Patrick's attended mass, which was celebrated at 9:30 a.m. by the pastor, Rev. William F. Quinlan. In the name of the parish and St. Andrew's conference he welcomed the visiting brothers to Pasadena.

After the services the ladies of the parish served an appetizing breakfast. The quarterly meeting was called to order by Hon. H. C. Dillon, president of the Cathedral Conference, who presided in the absence of President C. C. Desmond and Vice-President J. D. Delany. The opening prayers were said by Rev. Father Quinlan. The spiritual reading was taken from the Book of Rules, and given by Brother B. J. McConville of St. Andrew's of Pasadena.

The quarterly reports of the work done by the various conferences were read by the secretary and remarks were made by the president of each conference, commenting upon the work accomplished in each district. Especially noteworthy was the large amount expended by the Pasadena conference for the care of tubercular patients. President Dillon introduced Bishop Conaty. The bishop expressed his great pleasure in attending the festival of this society, in which so many earnest men are banded together in works of charity, and to listen to such gratifying reports of work done in behalf of the worthy poor of Los Angeles and vicinity.

In the course of his remarks he spoke of the recent death of Rev. Joseph Barron of St. Mary's parish, one of the pioneers in the cause of charity, and referred to his successor, Rev. Joseph McManus, as a great friend of the poor. The bishop laid great stress upon the importance of attendance at weekly meetings, and noted the large amount contributed by the members, urging this form of giving to be encouraged as the duty of charity, not limited to any particular class, but

## RILEY ELECTS TO BE SHOT.

Receives Sentence for Murder in Salt Lake—Thorne His Accomplice, Chooses Same Fate.

ASSOCIATED PRESS NIGHT REPORT. SALT LAKE CITY, July 23.—"I elect to be shot," declared Thomas Riley, alias James Hayes, as he stood before Judge T. D. Lewis in the District Court yesterday to receive sentence for murder. Judge Lewis then sentenced the prisoner to be shot to death Friday, September 9.

Riley and Harry Thorne were convicted of the murder of George W. Passell, a grocer, on the night of March 28 last, in attempting to rob his store. Thorne is also under sentence to be shot to death on the same date. Attorneys for both condemned men will probably ask the Board of Pardons for commutations of the sentences.

## WIDER SEEKS TO BARGAIN.

Man Charged With Stealing Bonds from Russo-Chinese Bank May Escape Prosecution.

ASSOCIATED PRESS NIGHT REPORT. NEW YORK, July 24.—Counsel for Edwin Wider, who has been formally charged by officials of the Russo-Chinese Bank with stealing \$50,000 worth of bonds, admitted today that he knew where his client is and intimated that Wider and the bank are now in touch. The bonds have not been negotiated although it is strongly hinted that they have been hypothecated with various Wall street brokers. Neither has the case been reported to the police and Wider's lawyer hopes that if the bonds can be restored to the bank there will be no prosecution. The salary Wider got was \$1200 a year. He owned an automobile and paid thirty-five dollars a month for his house in the Bronx.

## SENATORS AND VERNON SPLIT.

Roy Brashear's Homer Turns Trick in Morning.

Tail-Enders Jump on Hitt in Eighth at Chutes.

Happy Hogan Is Put Out of Both Games.

Vernon, 4; Sacramento, 3; (ten innings).

The Senators and Senators wound up their series yesterday by splitting even. Hogan lured the visitors out to the packing town district in the morning, where they were beaten in a garrison finish, and at the Chutes in the afternoon, Mister Baum heaved so well that despite the woolly support he got, the tail enders managed to come out ahead.

Five out of seven games, is the record the Hooligans have to show for the six days' work and Happy is feeling good and anxiously awaiting the arrival of the Oaks tomorrow. Sacramento probably plays in hard luck at times but from the showing they made during the last week the Hooligans could trim them five out of seven any time.

Hitt got all that can be inferred from his name in the afternoon struggle, but the Senators got up to the eighth period were pretty well scattered, while in the same time the Vernons had profited by a couple of extra and two errors by Burns and had established a one-run lead. But in the eighth the tail enders got busy and jumped into the lead and the Hooligans could do nothing in their last two attempts.

Willett was on the mound in the morning and he practically won his own game, when he scored Hogg and Lindsay in the ninth, tying the score. But Roy Brashear, clamping down the lid. With one man gone in the last of the tenth, he pitched the ball over the left field barrier and the game came to an abrupt end.

The players started to "crab" early in the game at Vernon and they carried the trouble to Chutes Park in the afternoon. Hap established a new Coast record by being thrown out of both contests. He didn't play in the morning, and in the afternoon he sent him from the bench to the clubhouse. He started to catch in the afternoon but got talkative in the first span and was ordered to the bench.

AFTERNOON GAME. The Hooligans got a man home in the first inning, at Chutes Park. Carlisle opened by hitting a bouncer to Shinn, who jumped and got his hand on the ball but couldn't field it. Stoval tried to sacrifice, but the sphere went right at Baum, who threw it to Burns at second but the shortstop dropped the throw and Carlisle and Stoval were safe. Kitty Brashear made three dashes in the atmosphere and Roy Brashear singled to right and Carlisle scored.

Coy flew out to Heister. Stoval beat in home from third, but the ump decided that he had left the bag before the ball was caught, and Roy was nailed sliding into third a second after Stoval. The decision regarding Stoval's start, the fact that ended in Hogan's being put out of the game.

The Senators came back in the next inning and tied the score. Boardman hit a safe to right and went to the key stone bag on Burns' pretty sacrifice. Heister also fouled out, and the right guard with a single and Boardman scored. Spleman grounded out to Lindsay and Baum fanned.

Both teams got two hits in the next frame but they produced no runs. In the fifth the Hooligans leaped into the lead, thanks to Mister Burns, who homered, followed by a grounder that Roy Brashear sent at him, Carlisle hit a single over second and taken that bag on Van Burn's wild throw. He reached third on Stoval's out, and the decision regarding Stoval's start, the fact that ended in Hogan's being put out of the game.

In the next two frames there was little doing and it looked as if the Vernons again were coming out on the long end. But the tail enders lambasted Hitt in the eighth and pulled the game out of the fire. Danzig was on an infield single, Boardman and Burns sent up flies to the outfield and it looked as if the status quo was not going to be disturbed. But Heister hit a safe to Lindsay. Spleman sent a peach down the right field line and before the ball was returned to the infield, Danzig and Heister had trotted home. Baum flew to Roy Brashear.

The Hooligans didn't have a chance in the eighth, or in the ninth, the batsmen going out in one-two-three order.

MORNING STRUGGLE. Southpaw Hunt showed his remarkable recuperative powers by taking the box at Vernon in the morning, with only one night's rest after that awful first inning of the day before. He made out well in the first seven frames, holding the suburbanites down to four hits and keeping them blank. But in the eighth he began to weaken and in three frames the Hooligans overcame the lead of three runs that the Senators had laboriously accumulated.

Shinn, the little Sacramento second baseman, who was out of the game the day before on account of being under the weather, didn't look the part when he swatted the pill over the left field fence in the eighth. That appeared to clinch the game for the visitors but

the big finish of the Hooligans made all the tail-enders' efforts count for naught. Carlisle started the ball rolling in the eighth by hitting into the right pen for two sacks. Kitty Brashear sent the fielders scurrying in left center with a single, scoring Carlisle. The supporters of the packing-town brigades went to sit up and take notice, but Roy and Coy flew out, retiring the side.

The Hooligans began in the ninth just where they had left off in the eighth. They were out for gore. Hunt got wobbly and walked Hogg and Lind say in succession. Hogg went to the trouble of stealing second just before Lind say landed on the pan. Willett went to second on the throw-in, but he died there. This uprising tied the score.

The Senators died easy in their half of the extra period and Kitty Brashear in for the Hooligans by flying to Van Burn. Then Roy came up with the big stick. Hunt gave him a nice low ball and Roy copped it on the nose with a jolt that sent it sailing over to the car line. That was all. Scores:

Two-base hits—Lindsay, Burns, Van Burn. Struck out—Roy, 5; by Willett, 1. Double plays—Hogg, Hogg, Hogg. Hit by pitched ball—Burns, Shinn. Time of game—1h. 5m.

NOTES OF THE GAME. The Senators again were shaken up yesterday. Shinn got back into the game at second and Heister replaced Briggs at right.

Hap was fined \$10 and put out of the game in the second. He was sent to the clubhouse in the morning game. Lot of "crabbing."

That mix-up in the second at Chutes was peculiar. With one out and Stoval on third, Coy flew to Heister. He called him out, asserting Jesse had left the bag before Heister caught the ball. Roy Brashear was caught at third on the same play, while Heister fouled out. Then the "boofing" started, and finally Hogan walked to the bench.

Carlisle got a big hand in the third when he ran up and grabbed Boardman's fly a few inches off the ground, after two men were out. If the ball had got through him, the Senators would have scored two runs, and Danzig and Burns were on third and second respectively. Carlisle was the first batter up in the inning, and he made good by beating out a little hit to Danzig.

Shinn made a good stop and throw of Roy's grounder in the fifth. Kitty was on first and Danzig had played with Stoval awhile between first and second. Shiesman's double in the eighth put the tail-enders in the lead.

Jake Breaks Record. SALT LAKE CITY, July 24.—[Exclusive Dispatch.] Jake De Rosier rode eight miles on a motorcycle at Wan damere Motordrome last night in 5m. 55s. The previous world's record was 5m. 55s.

FOUR IN NORTH. AND WHO WAS ANXIOUS TO SPEND A FEW DAYS IN THE SISKIYOU. The Washington end of the plan will be taken up later in the season. "I am heartily in favor of Representative McCredie's plan for expansion," said President Graham. "The division he proposes, four teams north and four south, seems to me proper. I shall indorse his motion for an expansion to eight clubs as much as I can as president of the league. It is my opinion that the club owners of the other five clubs are seriously considering McCredie's plan for an eight-club league and I do not believe it will meet with any opposition when it is broached formally in the fall."

## ANGELS GRAB SECOND GAME.

LIVELY COMES OUT AHEAD IN MORNING BATTLE.

Wolverton Gets Caught in Shabby Trick and Is Bounced from Field. Toser Twirls Heady Game—Lively Steadier Than Castleton, Who Gives Passes at Wrong Time.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, July 24.—After clinching the series with the Angels at Freeman's Park in the morning game, the Oaks gave one of their humorous expositions of ball at the local grounds this afternoon and fell easy victims of the southerners by the score of 5 to 2.

With the game tied up in the opening of the seventh, Manager Wolverton of the Oaks tried to put one over on the umpire by deliberately holding a runner at third, but the shady ball trick did not escape the eye of Finney, who promptly awarded the Angel free passage to the pan. This did not relish being caused in the practice, and he kicked so hard that the official was finally compelled to shoo him to the clubhouse to cool off.

Wolverton put on the finishing touch by holding his display by crossing the field of play en route to the dressing room, thus delaying the game and inviting the severe displeasure of the fans, who gave him a hot pan.

The game itself was a regular slugger and both Toser and Moser, up freely during their display in the box. Toser, however, kept a cool head throughout and deserved to win the game, pulling himself out of several tight holes when the slightest flutter would have proved costly.

MOSER TAKEN OUT. Harkins supplanted Moser in the box without any preliminary warming up and after a generous beginning, which added a couple of runs to the Angels' lead, he pitched good ball during the remainder of the game.

In the fourth Harkins singled to left and ambled to second on Howerton's sacrifice, connected with one of Moser's expensive and lifted the sphere high over the right field fence.

In the sixth the Oaks annexed one double, three singles and a free kick, but through stupid base running they only managed to tie the score with a couple of tallies.

Moser's sensation arrived in the next session. Smith singled to right and traveled to second on Toser's sacrifice. Daley drove out a single to center and Wolverton's interference stunt which transported Smith to the pan. Bernard singled to right, Daley going to third on the play. With Harkins pitching, Howard walked and the bags were bunched and Wheeler hit a grounder to Hogan, who threw to Cuthaw at the initial sack and the ball went astray.

Oakland made a run in the seventh inning on three singles by Cuthaw, Harkins and Swander, but the Angels' lead was never threatened.

The morning affair was a pitched battle between Lively and Castleton, argument in the best of the argument having the best of the argument in the best of the argument.

In the eighth Harkins' single to right center followed by Carroll's drive to the same spot scored another run. Score: Morning game: LOS ANGELES.

# BROOKLYN TABERNACLE

FOR BIBLES WEEKLY SERMON

**"PUT AWAY ALL FILTHINESS."**  
 MINNEAPOLIS, Minn. — Pastor Charles T. Russell of the Brooklyn Tabernacle delivered two addresses to the International Bible Students' Association, in the auditorium. He had fine audience, and excellent attention. We report one of his discourses from the text foregoing. He said, in part:

Although the words of our text were not addressed by St. Paul to the world, they would, nevertheless, be excellent advice and very profitable to all. In a general way all civilized people recognize that "cleanness is next to godliness." In a general way the pure, the clean, are recognized as the beautiful. And impurity and filthiness are detested even by the impure and the filthy. Outwardly at least we are in a time when water is plentiful, when soap is cheap and when filthiness of the flesh is almost inexcusable as respects the outward man. But filthiness of the spirit cannot be touched, cannot be cleansed, with ordinary soap and water, and this is undoubtedly the reason why the Lord and the apostles have not addressed these words to the world.

**"HAVING THESE PROMISES."**  
 Our text tells the difference between the well-intentioned worldly person and the thoroughly sanctified Christian. The latter has heard through the Word of God certain "exceeding great and precious promises," which the well-meaning worldly class have not yet heard. The whole civilized world, in one sense, has the same Bible, the same Word of God, the same precious promises, but it has not appreciated them. It has not understood them. It has not accepted them and made them its own by a surrender to the Lord. The church, on the contrary, is composed of those individuals who have accepted the Lord's promises intelligently, and who have accepted those promises upon God's conditions. Those promises of God constitute the power of each of the church, first to will, and secondly, to do, to the extent of ability, the Lord's good pleasure (Phil. 2:12-13).

This is the class addressed in our text—the followers of Jesus. These have heard of the promises of God. It is the Divine intention to bless Adam and his race through the great Mediator—the Messiah, the Christ. They have heard that Jesus left the Father and the Father and himself to human nature, in order that He might redeem the human race. They have heard that the apostles, when applied in due time, will be sufficient for the sins of the whole world, and that then the Heavenly Redeemer, they have learned that the Redeemer, backed by Divine authority, will put all things into subjection under their feet. They have heard that the Kingdom of God is on earth, and for a thousand years reign as King of kings and Lord of lords. They have heard that when He shall reign, His Kingdom shall be "under the whole heavens," although the King himself will be the King of glory on the throne of the Father. They have heard that His Kingdom shall be "under the whole heavens," although the King himself will be the King of glory on the throne of the Father.

They have heard that His Kingdom will prevail from sea to sea and to the ends of the earth and that eventually unto Him every knee shall bow and every tongue confess and that He will reign over the world as King. They have heard that this great Kingdom will be "under the whole heavens," although the King himself will be the King of glory on the throne of the Father. They have heard that His Kingdom shall be "under the whole heavens," although the King himself will be the King of glory on the throne of the Father.

But these have heard something more—something that belongs to the great time. They have heard that it is the Divine purpose to select from amongst mankind a "Royal Priesthood," to be associated with the great Kingdom of the Mediatorial Kingdom. They have heard that a call went forth to this effect eighteen centuries ago, inviting, first of all, the Jews, who were chosen to be the first of this very highest favor of God—joint heirs with His Son in the Spiritual Kingdom which is to bless mankind in general by and by. They have heard that to attain membership in this Royal Priesthood means the attainment of the "character" of Jesus, to become copies of God's dear Son (Romans 8:29). This implies, as its cost, the sacrifice of earthly interests. They have heard the message of the Lord, not only inviting to the glories of the kingdom, but also informing them that the way to that glory is narrow and difficult one. They have heard the voice of the Master saying "Sit down first and count the cost" before you undertake such a consecration of your life, such a sacrifice of your earthly interests. "No man having put his hand to the plow and looking back would be fit for the kingdom"—fit for a place on the throne as a joint heir with Christ (Luke 14:32). They have heard the further expression of St. Paul to all who would become joint heirs with Christ in His kingdom assuring them that if they suffer with Christ they shall reign with Him.

**"BELOVED, LET US CLEANSE OURSELVES."**  
 We do not but as the Heavenly Father and our Lord Jesus so loved the world as to provide the great sacrifice for sin, so St. Paul loved the world—and all others of God's people must have a sympathetic love for the world. But when we think of those who are dearly beloved by the Father and by the Son, and by the apostles and by all others, we think of the special class of consecrated saints who are described as "not of this world," but of the Father. These are "dearly beloved" because they have the mind of Christ, which is also the mind of the Father. According to the flesh they are not all lovely or beautiful. St. Paul elsewhere has a sympathetic love for the world, not many wise, not many noble, not many rich, but chiefly the ignoble and the poor of this world. Their riches and their nobility are not of this world.

These have their weight, even though it be known that only a few who follow the world's beckoning and allurements ever receive the fulfillment of the promises held out to them.

(3) The great flight of the New Creature, his closest and most persistent strength, is not in the world's beckoning and allurements ever receive the fulfillment of the promises held out to them.

Thus viewed every Spirit-begotten Christian is an object of sympathy from the Divine standpoint, and this should be their standpoint toward each other. But the world has no sympathy. The world sees not, neither does it understand nor appreciate the exceeding great and precious promises which lie behind the consecration of the saints. The church, however, does understand and appreciate the exceeding great and precious promises which lie behind the consecration of the saints.

**HOW TO PUT AWAY FILTH OF THE FLESH.**  
 It is impossible for the New Creature to perfect the flesh. What does the Apostle mean by urging the saints to cleanse themselves from the filth of the flesh? He means that we should not, as New Creatures, be discouraged by the fact that we cannot perfect the flesh. He wishes us to understand that the Lord will help us to attain perfection in the flesh, therefore we will make no endeavors in that direction. He wishes us to understand that the Lord will help us to attain perfection in the flesh, therefore we will make no endeavors in that direction.

As to Summer Gownery.  
 Nothing is quite so pretty as white for summer wear; and I have even thought that those who always wish to have some sort of law costume to make people do something either useful or ornamental, might turn their attention to legislation compelling the use of white for the summer months. Women look more dainty in white than in any washable material, and even men look almost charming when clad in white clothes, either flannel or duck.

I have no doubt that the laundries and the cleaners would be willing to support a lobby in behalf of such legislation, were it contemplated, for there is no denying that the wearing of white is an expensive luxury. If the white "tub" dresses were really as tubbable as the term sounds, it would not be so bad; but to be pretty at all the must be so trimmed and so put together that mere ordinary washing will not do for them. They are the more elaborate term, laundering, or to be really at their best they should be dry cleaned. There is all the difference between a "tub" dress dry cleaned and one just merely washed that there is between a tailored suit which is made by a high-class tailor and one which is "done" by an ordinary dressmaker.

Even in the doing up of linen or crash, the dry-cleaning process is far preferable to laundering. The crash, which loses their shape in washing, come from the dry cleaner's looking as though they had been re-born at a first-class tailor's, instead of cleaned. Of course, I presuppose a good dry cleaner. There are cleaners and cleaners.

But this is not what I started out to say particularly. I meant to call attention to the fact that, while there is nothing so dainty, so adorable as white, there is nothing so durable as a colored frock. A delicately figured or conclusion that the new Way of Life was to be preached to Gentiles, provided they would maintain the two cherished prejudices of Judaism about food. Here this great Council, gathered from all nations and tongues, was discussing the complete evangelization of the world for Christ, including the 12,000,000 Jews, as an important, but very small, element in the great enterprise.

**REV. W. E. TILROE, D.D.**  
 THE GOOD MAN IS THE SERVANT OF GOD.  
 At the Boyle Heights M. E. Church yesterday, Rev. W. E. Tilroe, D.D., spoke from the subject, "Religious Pride." He said, in part: "It is doubtful if there is anything in the universe that is evil in itself. That 'We steal the lives of heaven to serve the devil' is poetry and more. It is the plain, inevitable fact. Anger is a sense of personal deserving out of limits, covetousness is economy overgrown. Lust is the normal sexual instinct degraded. Deceit is ambition for conquest without brakes. Every tree in the garden was good for food, pleasing to look upon, and verily desirable to make one wise; the very devil was a fallen angel. The sinner is a man in a man's way, not wrong, but the wreck of the good and true. 'It is the pride of religion that it is fruitful. Sin is barren. Righteousness comes by having a sinning sinning. Prokes more anger and invites destruction. Deceit has no destiny, but exposure. Greed makes the miser and misery alike.'

The love of God and one's neighbor is always peace and good will to men. Right living is health, good order, comfort and content. Truth needs no revolution, or apology, fears no bias of noon, but safely builds its house into the sky. In the universal worship of success, every sane man should be religious, for religion is never a final failure. It is the victory that always overcomes the world.

# FACTS, FEATURES AND FANCIES FOR WOMEN

BY OLIVE GRAY.

**A Dainty beauty hint:** To remove blackheads, bathe the face with cloths wrung out of very hot water; dry carefully and then apply a good cold cream. Wipe away the cream which remains on the surface with a soft cloth and then bathe the face again, first with hot water and then with cold. Do this every night before retiring.

I met on Broadway, the other day, a friend whom I have not seen for sometime, and she said she had been staying at the beach all summer. "I just live on the sand all day, and on the board-walk at night, and the morning, and I feel fine."

She looked fine, too; but how did it happen that she did not have that delicious boiled lobster complexion which is the usual result of beach life? I eyed her for awhile, as we talked, and finally I asked, "Do you wear a veil all the time, at the beach?" "No, indeed, I don't wear one at all! I detest veils!" "But how does it happen that you are neither tanned, burned or freckled, is it that you are blessed with that inestimable boon, of which we read in novels, but almost never see, the perfect skin which is proof against sun and wind?"

"Well, I should say not! You ought to have seen me last season, when I came back from just one week at Catalina! I looked like—well, like that new scarlet automobile, as to color. But I did not then know about—'naming a certain kind of cream.' That is what came up today. I wouldn't be over night without it, and certainly not over day."

"Nothing much to tell. You just buy it and rub it into your face before you dust on the powder, and you do it every day, or twice a day, or at least, I do not; and I know several others who have the same experience."

"Oh, yes they do, Miss Lisa. I can use 'em all right. Hasteus an' Lily got each black legs dat de holes won't show, now; an' 'Vitt an' Rose, dey is yaller, but dey can wear two pairs at a time, an' dem holes in de stockings ain't goin' to hit de same place."

**Nerves and Crochet.**  
 It has now been discovered by certain nerve specialists that it is said, the crocheting and knitting are the very best sort of work for those who are inclined to be nervous. It is urged that the reasons for this are the fact that such work requires little attention, is not trying to the eyes, and the motion of using the fingers steadily and with moderate exertion, is soothing.

**For the Children.**  
 I know a woman who, although the one-time children of her household are grown up and have left for the world, she keeps the high chair, up in a corner for a neighborly baby when it comes to see her with its mother, and a little rocker for the girl of four, is found in the more elaborate term, laundering, or to be really at their best they should be dry cleaned. There is all the difference between a "tub" dress dry cleaned and one just merely washed that there is between a tailored suit which is made by a high-class tailor and one which is "done" by an ordinary dressmaker.

Even in the doing up of linen or crash, the dry-cleaning process is far preferable to laundering. The crash, which loses their shape in washing, come from the dry cleaner's looking as though they had been re-born at a first-class tailor's, instead of cleaned. Of course, I presuppose a good dry cleaner. There are cleaners and cleaners.

# MORE PINKHAM CURES

Added to the Long List of to This Famous Remedy

Oronogo, Mo.—"I was simply a wreck. I could not walk. The floor with my heart flutter and I could not receive a letter. Every month I had such a bearing down, as if lower parts would fall out. Lydia E. Pinkham's Vegetable Compound did me a great deal of good. I am now a healthy woman."

Another Grateful Woman.  
 St. Louis, Mo.—"I was both terribly with a female weakness. I had backache, bearing down pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanatogen. I am now a healthy woman. I am now a healthy woman. I am now a healthy woman."

Because your case is a difficult one, doctors having done you no good, do not continue to suffer with giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has many cases of female ill, such as inflammation, ulceration, displacement, fibroid tumors, irregularities, pelvic pains, backache, that bearing down feeling, indigestion, dizziness, and nervous prostration. It costs but a few cents to try it, and the result is worth a lion to many suffering women.

Notice to Contractors. Sealed proposals will be received at the office of the Sacramento Valley Irrigation Company, until four o'clock p.m., July 25th, 1910, for the excavation of one million (1,000,000) cubic yards of earth, in the construction of canals and laterals on the Sacramento Valley Irrigation project. Bids will be received for one or more divisions of about 100,000 yards each. The right is reserved to reject any or all bids, to accept bid on any one or more divisions and to waive technical defects as the interest of the Company may require. Specifications, forms of proposals and plans may be inspected at the office of the Chief Engineer of the Company at the following places: The Sacramento Valley Irrigation Company.

## Teachers' Examinations.

The Los Angeles County Board of Examiners will examine applicants for Teachers' Elementary and Special Certificates at the Olive Street School, between 4th and 5th streets on Olive Street, Los Angeles, Cal., beginning Monday, July 25th, at 1:30 a.m. sharp. Applicants for Special Certificate should file a written notice with the Secretary of the Board, 116 Temple Street, not later than the Friday preceding the examination. MARK KEFFEL, Secretary.

## Notice of Stockholders' Meeting

The annual meeting of the stockholders of The Phoenix Company will be held at the office of said corporation, No. 500 Chamber of Commerce, in the City of Los Angeles, California, on the 25th day of July, 1910, at 10 o'clock a.m., for the purpose of electing directors and for the transaction of such other business as may be brought before said meeting.

# JAPS RESENT

## GIRL'S ARREST.

Attack Patrolman Who Captures Her in House.

Protects Himself by Vigorous Use of Clubbed Gun.

Weapon Shatters, and Resorts to a Cudgel.

Confronted by five hostile Japanese who tried to take a white woman prisoner from him, Patrolman T. S. Miller of the new Patrol Squad battled valiantly against odds last night. He only succeeded in putting his assailants to flight, after he had cracked the butt of his gun on the heads of his foes, and pressed a stick of cord wood into service to guard his head in the style used by ancient Samurai.

Shortly after 10 o'clock last night, Miller was detailed to watch a resort frequented by Japanese. He gathered evidence which convinced him that Japanese were consorting with white girls in a place at No. 415 Ducommun street, which had extra entrances at North and 510 North Alameda street.

After watching the house for several minutes, Miller perceived that the Japanese had "spotted" him and were preparing to overpower him, if he attempted to make an arrest. Fifteen circling around the resort and wild police officers in gutter Nipponese.

When Miller walked toward the house a hostile demonstration was made, and he was pelted with stones. He crouched in a shed while the Japanese filled themselves up on sake, which was in the shed. He started to hunt for his gun, but the Japanese fled themselves up on sake, which was in the shed. He started to hunt for his gun, but the Japanese fled themselves up on sake, which was in the shed.

While the main gathering was following a false lead, Miller left the shed and entered the place to arrest Marcelle Madama, a white girl of French parentage, who recently arrived here, shipped from San Francisco. As he left the house with his prisoner, he heard a yell and saw five Japanese running toward him from a near-by poolroom.

His assailants swept down on him with such fury that he drew his gun, but used the butt as a hammer. He swung into the crowd and pounded like a carpenter in a nail-driving competition. The gun handle cracked and his foe, armed with rocks and a piece of broken clothes pole, pressed him against a wall, striking at his shoulder and hands.

Miller threw himself in front of the prisoner, seized a stick of wood and swung it to guard himself, while he swung his revolver until he was exhausted. As a last resort, he pointed the weapon and yelled in Japanese, "I shoot, how?" His assailants fled howling, but were reinforced by others and the attack was renewed. Miller knocked four down and made another threat to shoot.

As a final desperate measure, he whirled, and rushed at the crowd waving his revolver. The Japanese ran, and the prisoner took flight. After sending his foe scuttling into hiding, Miller ran after his prisoner. He caught sight of her half a block away, and after a long chase, he overtook her and walked to the Police Station. He arrived somewhat breathless and showing a few bruises.

While looking the woman at the desk sergeant's office, the patrolman mopped his brow and remarked: "These Japanese seem to be opposed to the purity wave. I wish I had had another cop with me, we could have cleaned up about twenty-five prisoners for disturbing the peace."

SAN JOAQUIN VALLEY.

WILL REMOVE WATER MENACE.

CONTRACTS AWARDED BY CITY TRUSTEES OF VISALIA.

Concrete Flume to Be Built Through City to Carry the Waters of Mill Creek—Cement Bridges Also to Be Constructed—Former Supervisor Dies in Missouri.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

VISALIA, July 22.—The trustees last night awarded the contracts for the building of a concrete flume through the city to carry the waters of Mill Creek and also for the building of cement bridges in the city limits. The successful bidders for the Mill Creek culvert are R. Keating & Sons of San Francisco, at \$23,754. The flume ranged from the figure named to \$73,791.55, there being ten in all. Eleven firms submitted figures for the cement bridges. Oscar Parlier of Tulare, whose price was \$9445, was awarded the contract. Work was begun last night. Both jobs are to be completed by the first of the year. When done Visalia will have two much needed public improvements. For many years Mill Creek has been liable to overflow in periods of high water and as it goes through the business part of the city much damage has resulted. There will be no longer from high water when the concrete conduit is built.

Word was received today of the death in Missouri this morning of former Supervisor R. W. McFarland. For many years his home was near Porterville. He was a Supervisor for several years and prominent among the Democrats of the county. Mr. McFarland left a few weeks ago to visit his old home in Missouri. He was 78 years of age.

MAY ERECT PLANT.

P. A. Branger of Agnew was here today looking into the proposition of establishing a meat plant in this city. He is said to represent a company with considerable capital which will build a plant here, provided it can be guaranteed 500 or 600 tons of alfalfa this year and considerably more next. It is figured that this would net the grower from \$15 to \$25 an acre. Branger has been given much encouragement to go ahead. A great deal of alfalfa is grown about Visalia in excess of the amount used by the herds and a local and profitable market would insure the planting of many more acres to this forage plant.

Secretary of the Los Angeles and San Diego Chambers of Commerce relative to the joint exhibit at the United States Land and Irrigation Exposition in Chicago next November.

County Horticultural Commissioner A. G. Schulz yesterday presented his semi-annual report to the Supervisors. It gives some idea of the amount of citrus and deciduous trees planted in the county during the past season.

# AT THE BEACHES.

Coronado Tent City, J. A. Fraser.

claimed to be the record for the State. A summary of the report shows the commissioner and assistants inspected 58,070 grape vines, 5,044,500 eucalyptus seedlings, 273 cars of citrus stock, amounting to 264,700 trees, 215,000 deciduous trees, 15,000 ornamental trees and shrubs, 908,600 citrus trees bed stock. Of the 264,700 citrus trees inspected, 30,000 were home grown. The citrus trees were distributed to the following territory: Ducor, 30,000; Porterville, including Plano, Terra Belle and Zante, 80,850; Lindsay, including Strathmore and Orangehurst, 83,000; Exeter, including Lemon Cove and Mariposa, 47,850; Dinuba, 14,800; Kink, 5000. The trees were planted about Visalia and Tulare for ornamental purposes. The vines were planted about Visalia, Tulare, Monterey and Dinuba; the eucalyptus about Tipton, Angiola, Pixley and Tulare, and the deciduous trees about Visalia, Tulare and Dinuba. Mr. Schulz declared that the orchards and groves of the county are now singularly free from fruit pests, a condition he will try to maintain by thorough inspection of the groves and orchards. During the past six months three cars of orange stock were condemned, two on account of black scale and one on account of red scale. The warm weather of the past few weeks has ripened fruit rapidly and the two Visalia canneries are working overtime. Six hundred hands are employed.
